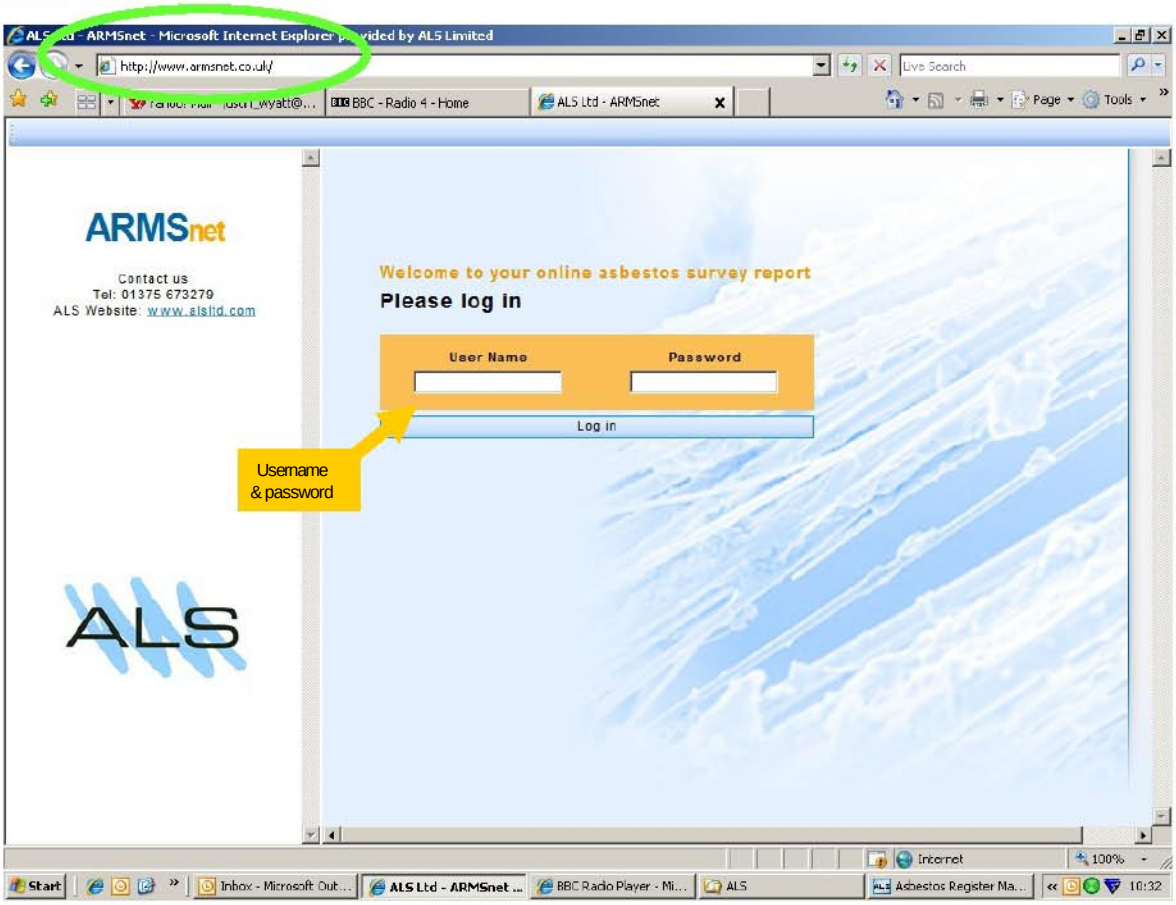
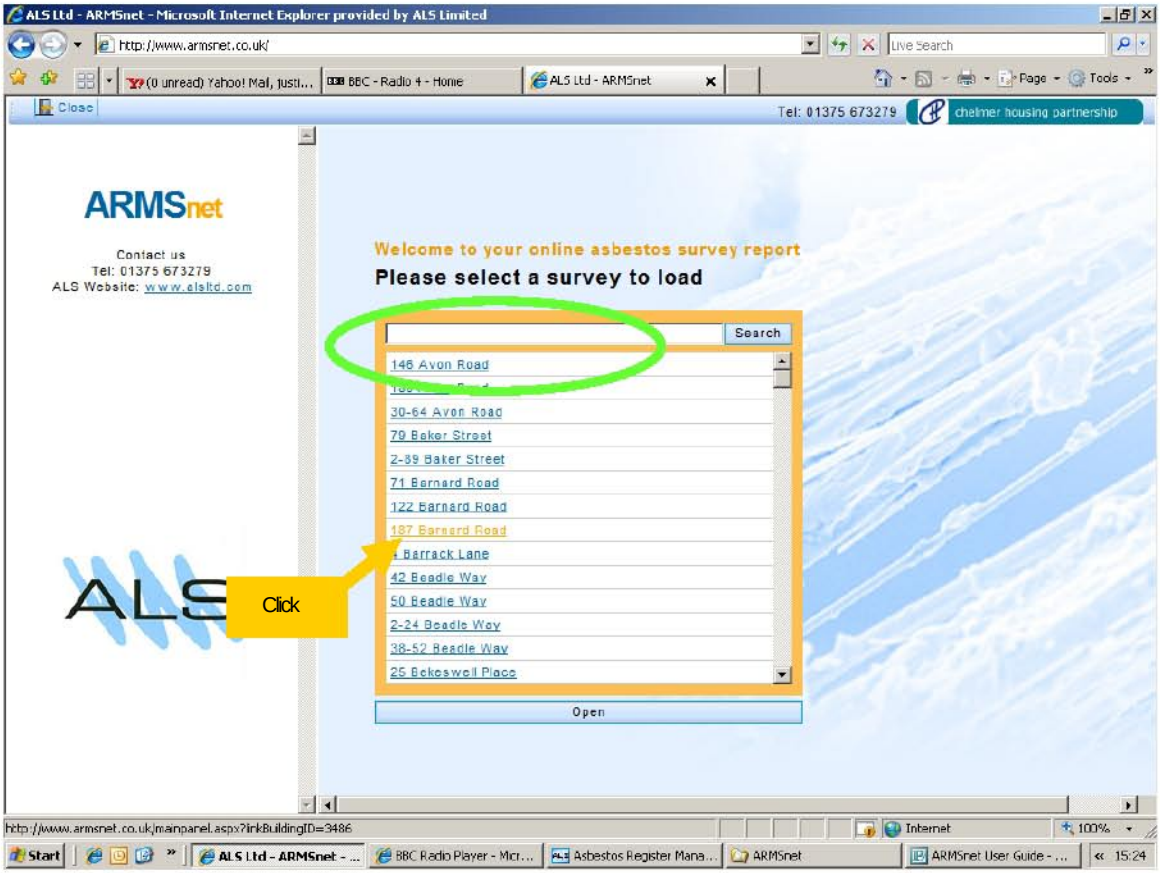
18. Opening another survey



Open an Internet Browser and type www.ARMSnet.co.uk into the address bar.

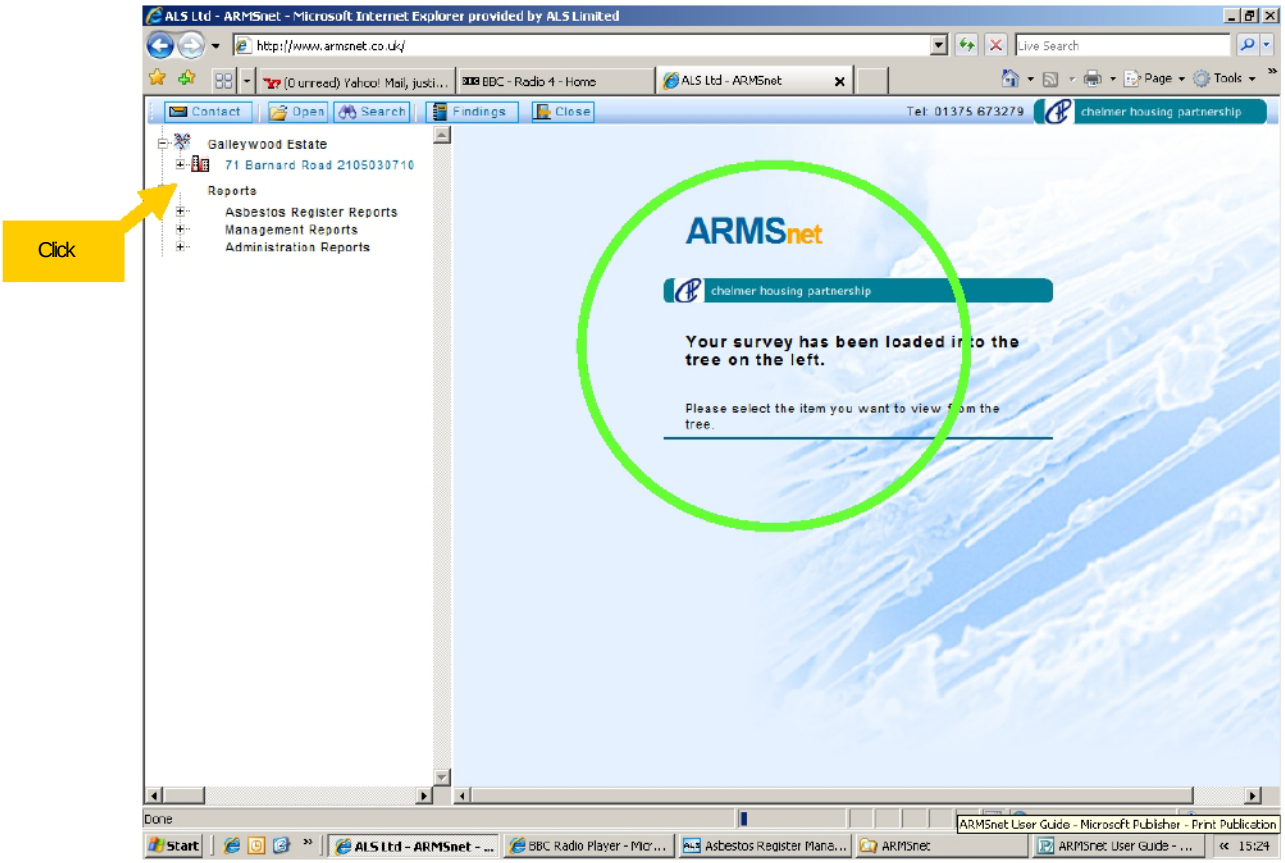
Usernames & Passwords. You will be supplied with these by your system administrator.

i It's a good idea to add this website address to your favourites. (Alt+Z)



To search for a specific UPRN, Estate or building address, type in the search box and click [search]

Once you have found the building you are interested in, simply click on that row

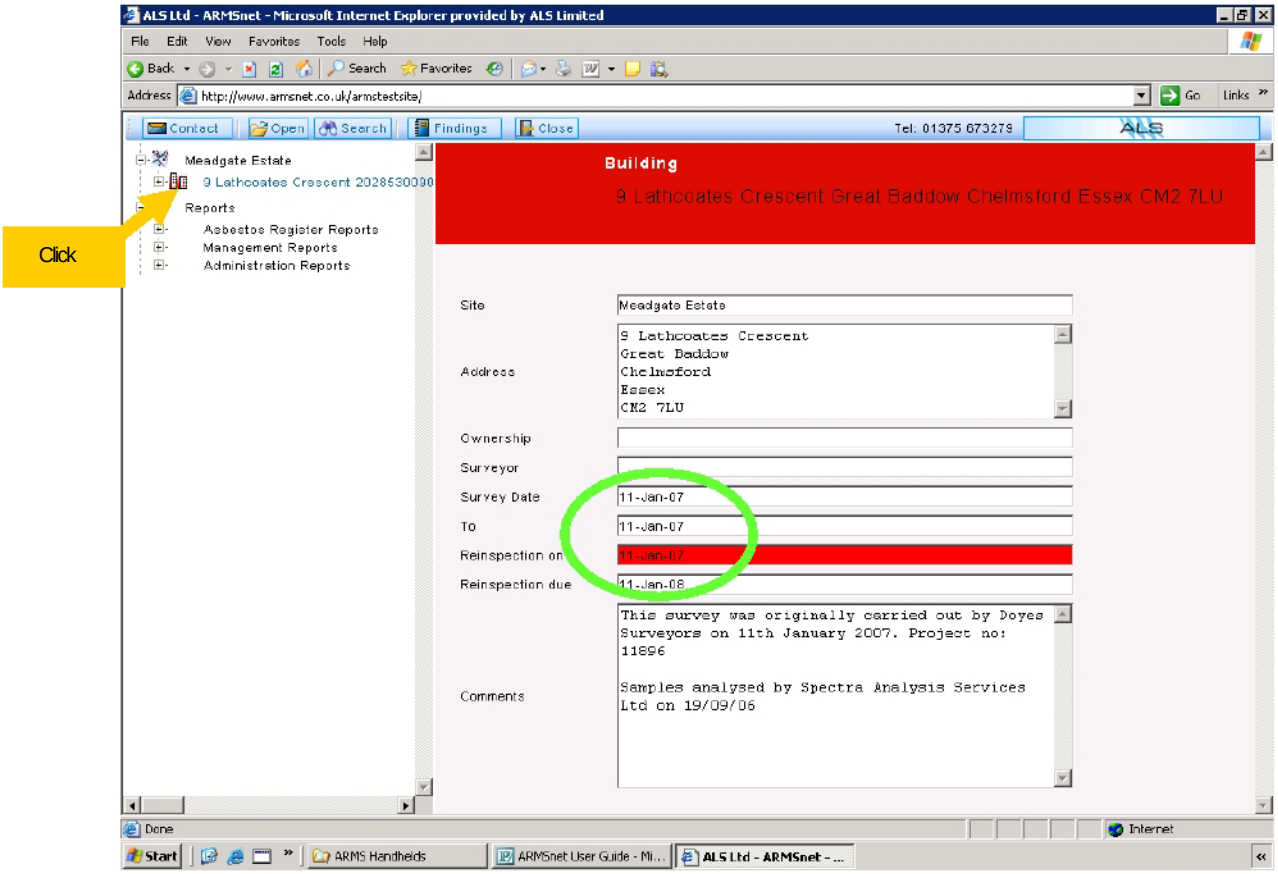


Survey Information has loaded and ready for interrogation

Click on the [+] & [-] symbols to expand & contract the 'Site Map'

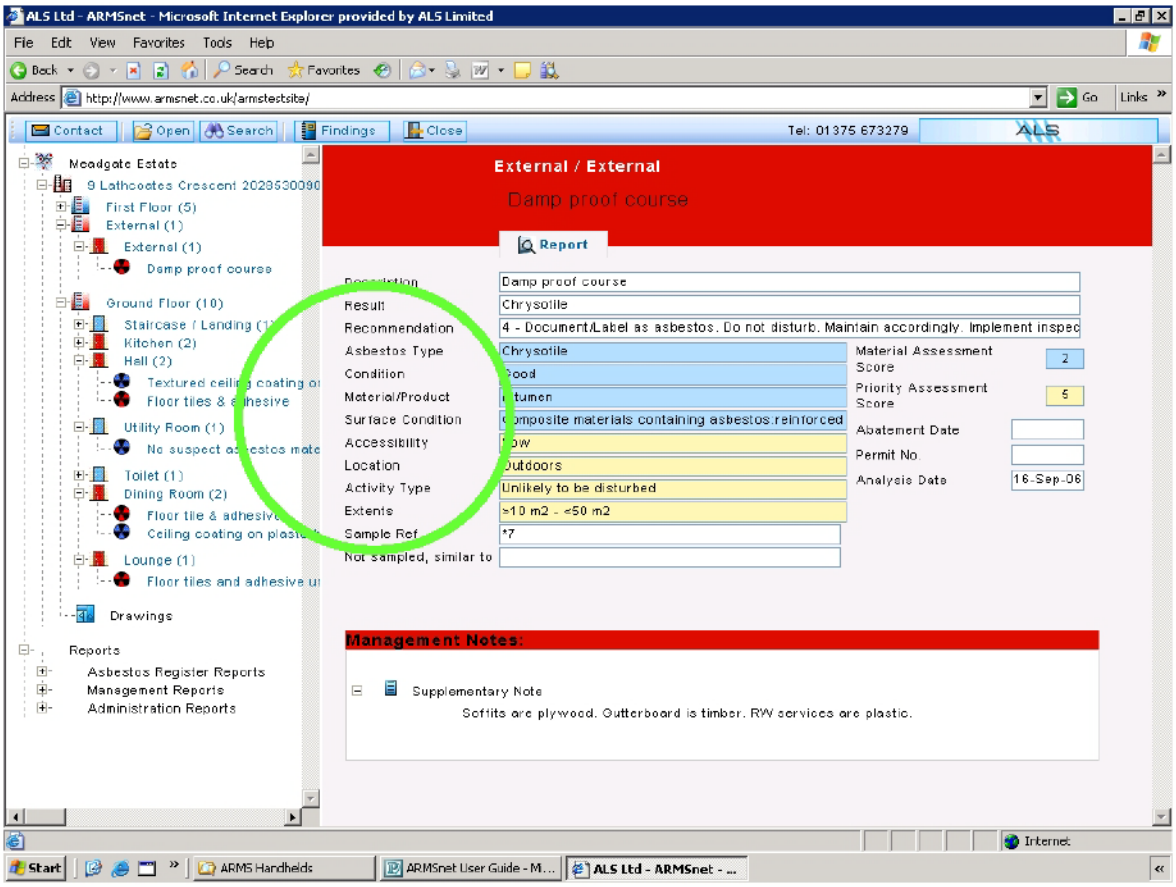
i ARMSnet Survey Hierarchy:

Estate
Property address
Floor
Room/area
Finding



The property summary screen displays details of when the survey was completed, by whom and when a reinspection is due.

Click on the building to enter the property summary screen'

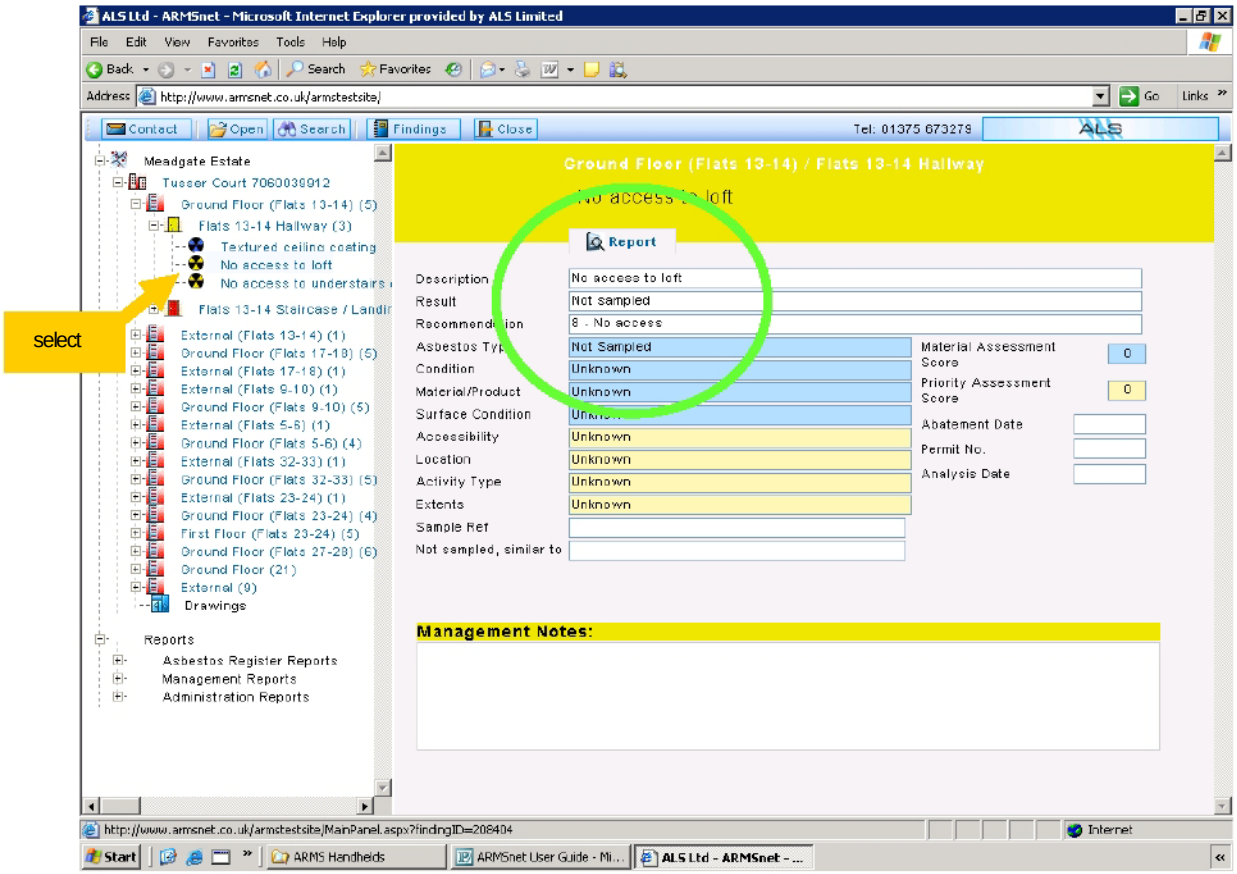


This screen shows the Algorithm scorings:

Material Assessment	Priority Assessment
Asbestos Type	Accessibility
Condition	Location
Material/product type	Activity type
Surface Condition	Extent

i Colour coding

Red	-	Positive Asbestos Finding
Yellow	-	No Access
Blue	-	Non Asbestos Finding
Green	-	Removed Finding (following abatement)

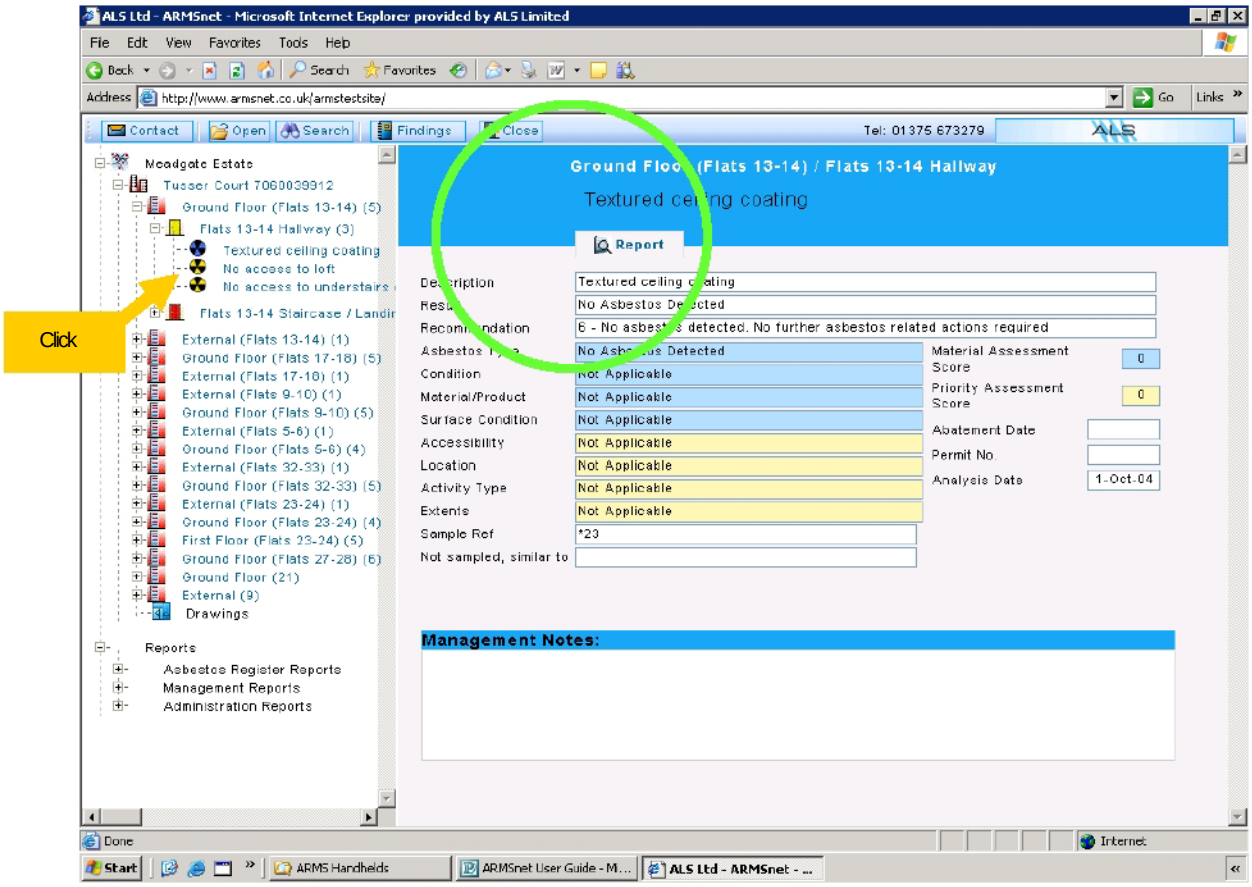


'No Access' finding within a room.

Select the colour coded finding.

i Rooms/area can be recorded as 'No Access' as well as findings within a room/area.

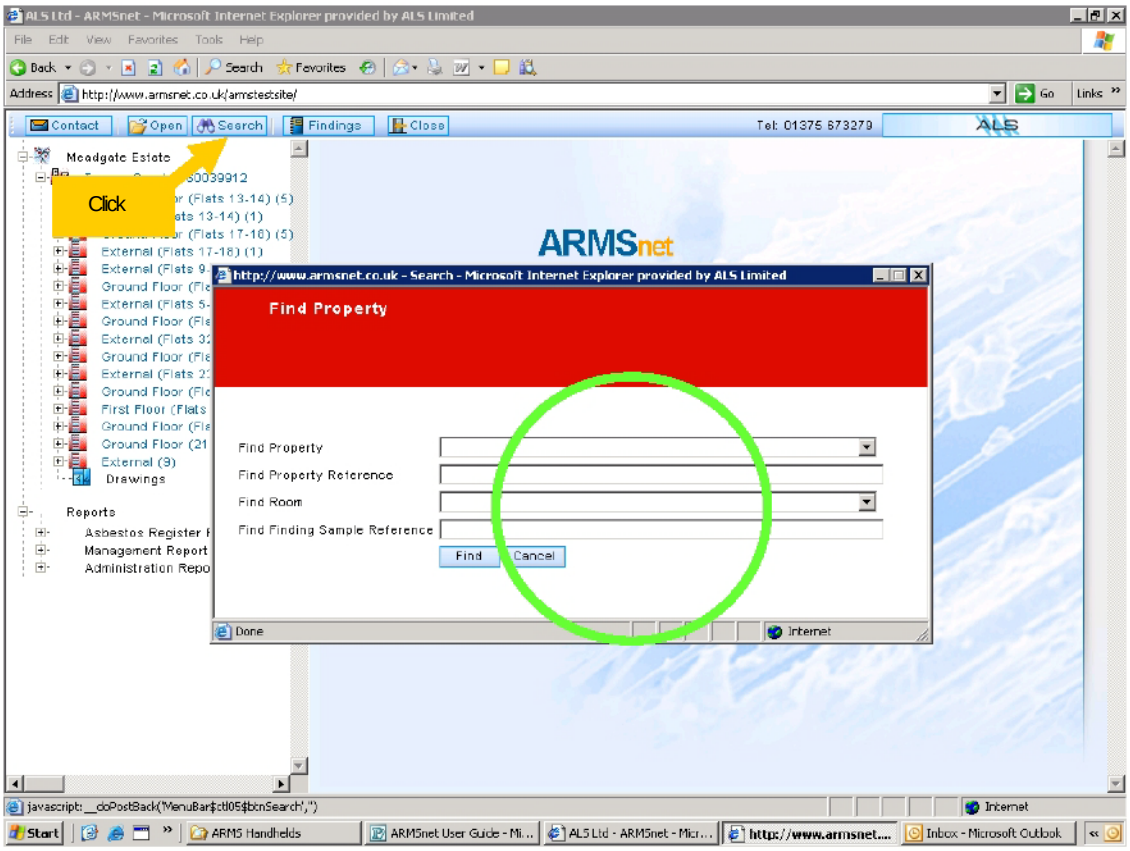
Both of these occasions will appear on the 'No Access Report'



'No Asbestos Detected' finding within a room.

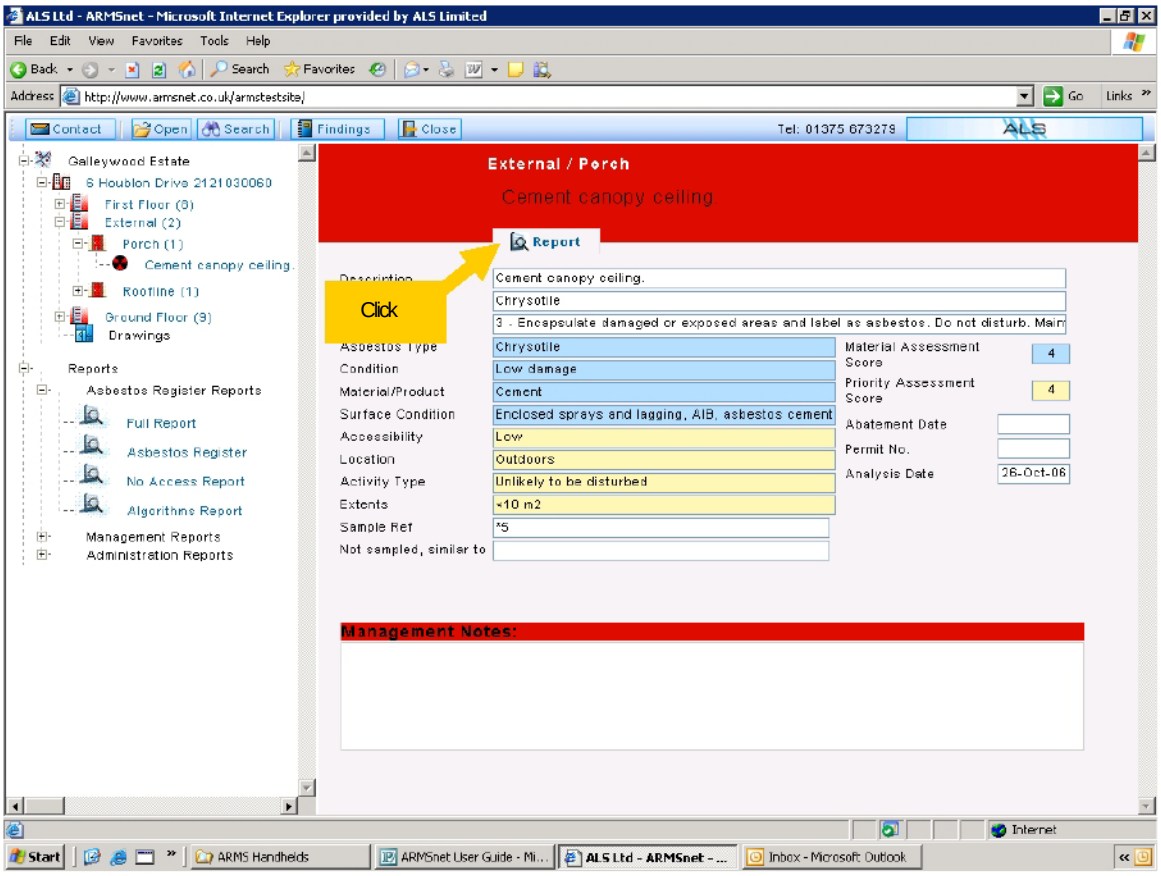
Select the colour coded finding.

Rooms/area can be recorded as 'No Asbestos Visually Identified' as well as findings within a room/area being sampled and subsequently recorded 'No Asbestos Detected'

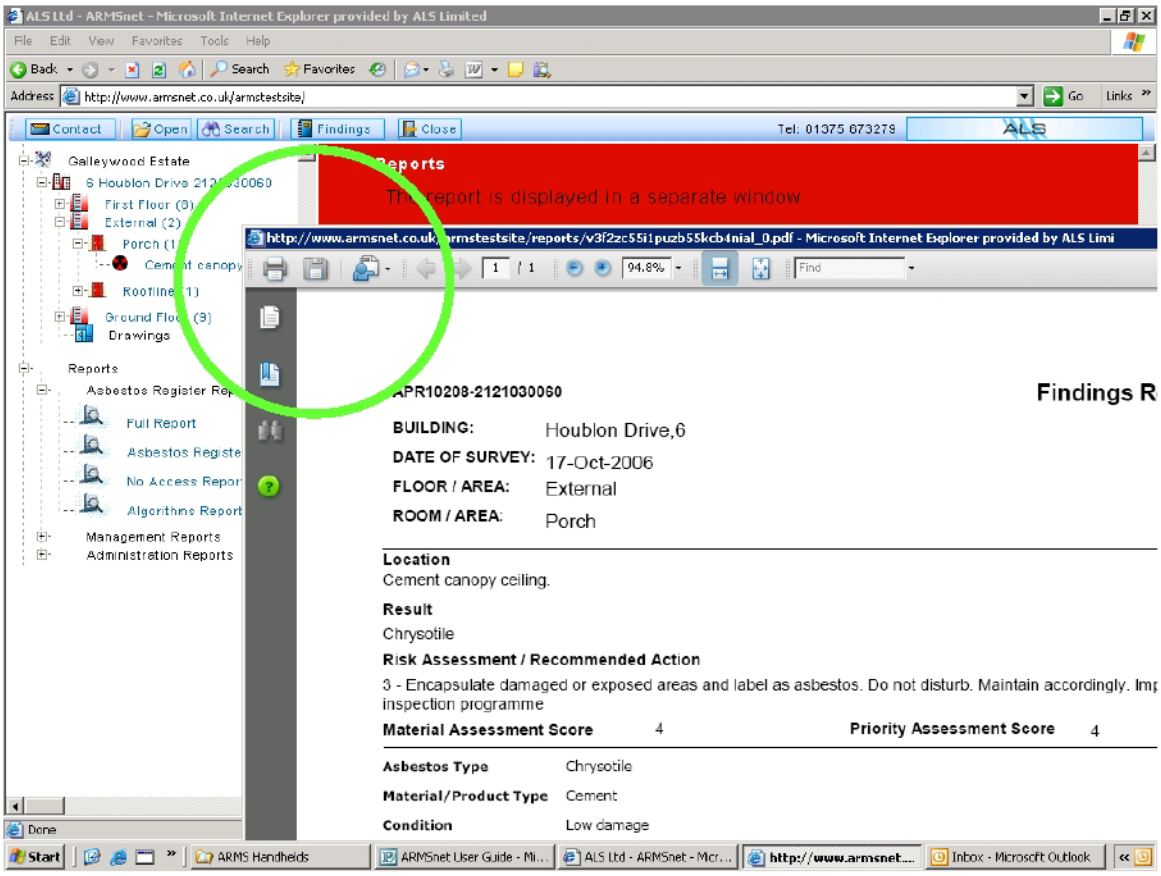


You can search the database by Property, Room or Sample reference.

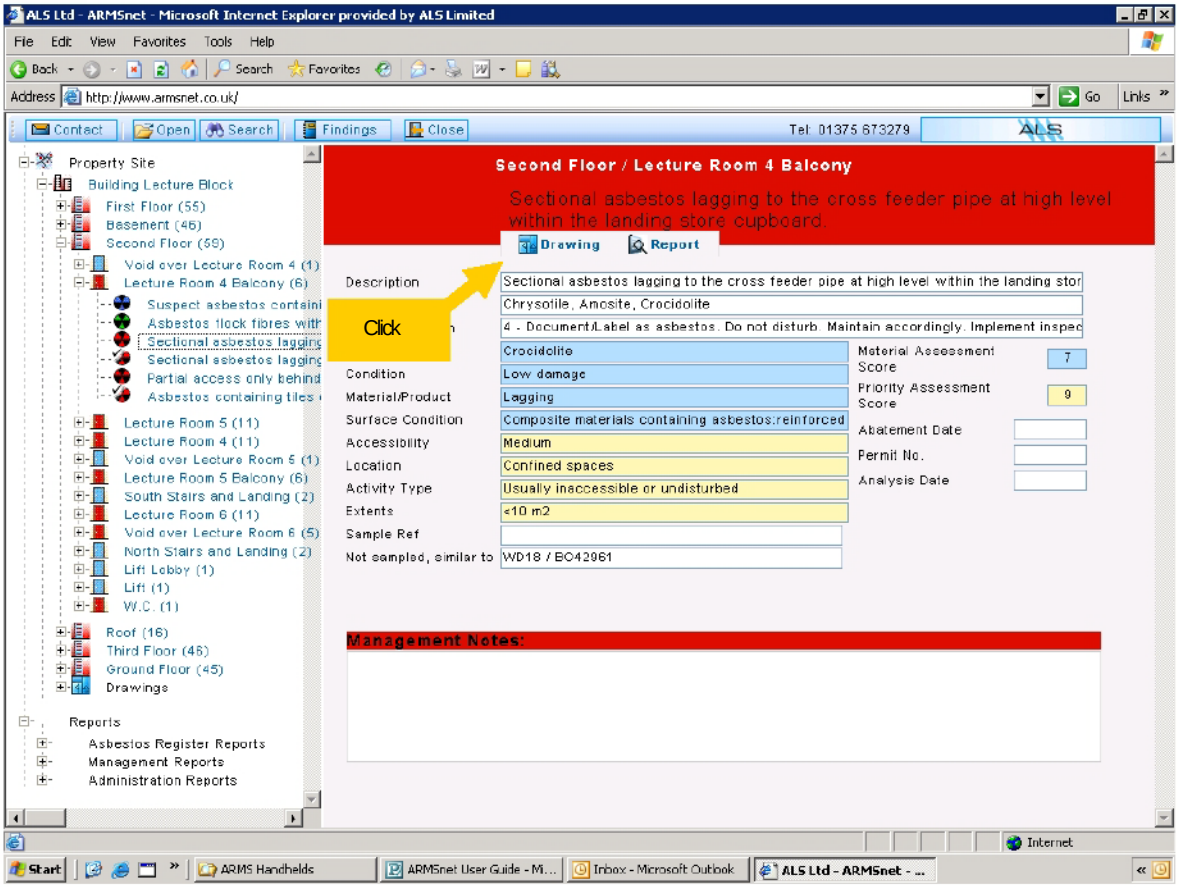
Click on the binoculars icon to launch the 'Find Property' box



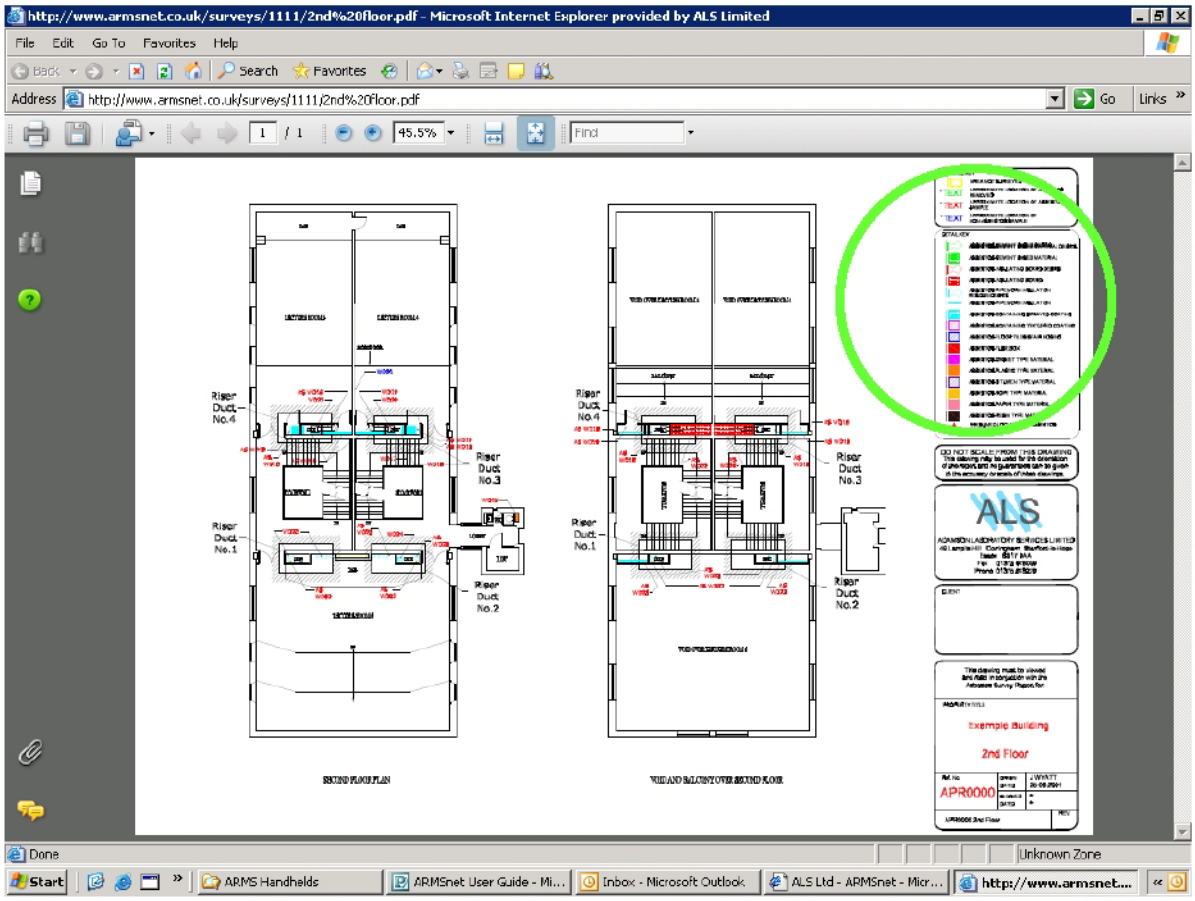
Click the [Report] Icon to produce the finding report.



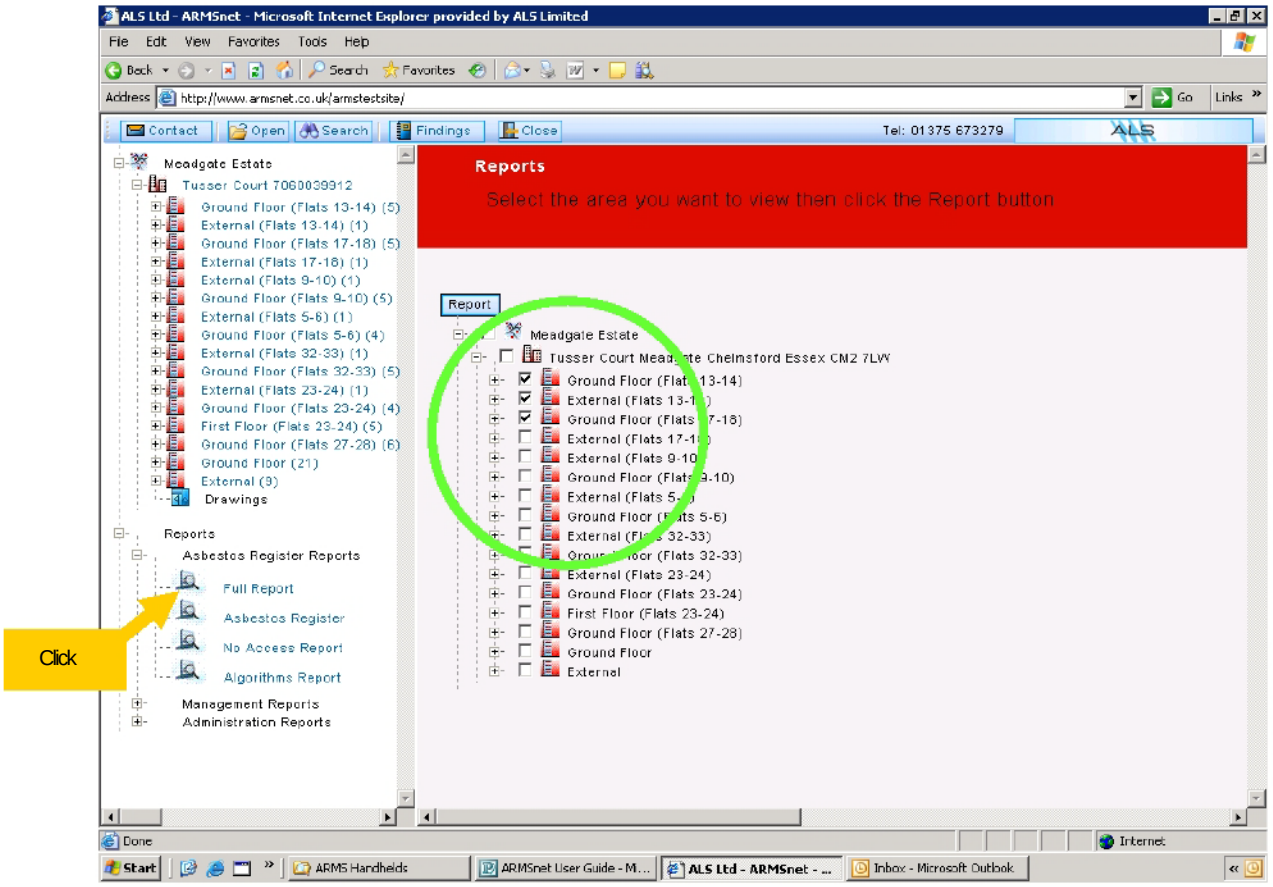
- Findings Report lists the details in a PDF format ready for printing or emailing



Click on [Drawing] to launch the drawing file in a PDF browser.



- Colour coded key shows:
  Product/Material types of any Asbestos Found.
  No Access rooms/areas
  Location of all asbestos samples
  Location of negative sample points
  Location of presumed asbestos



The 'Selection Wizard' will appear. Tick the [] boxes to include the areas in the selection.

Click the [Full Report] Icon to produce the full survey report.
